### **Directors' Report**

The Board of Directors of Escorts Investment Bank Limited ("the Company") is pleased to present before you the un-audited financial statements of the period ended 30 September 2016.

The NBFC sector in Pakistan is continuously facing obstacles in its business activities due to factors such as reluctance of financial institutions/commercial banks to lend borrowings to NBFCs.

Your company posted as loss after tax of Rs. 26 million for the three months ended 30 September 2016 reflecting EPS of Rs. (0.59) as compared to a loss of Rs. 16.626 million and EPS of Rs. (0.38) corresponding period of last year. The primary reason for loss is 84.74% reduction in return on financing and the reduction of 42.36% in cost of Certificate of Investment (COIs) due to decrease in deposits. The administrative expenses also reduce from 7.15% as compared to the corresponding period of last year. Brokerage commission also significantly decreased from Rs. 0.625 million to Rs. 0.176 million showing a total decrease of 71.80% as compared to the corresponding period of the last year.

Going forward, the management has planned to focus on the high yield products like Bill Discounting, Micro Finance, Islamic mode of Financing, as allowed under new NBFC regime and increase the portfolio of Margin Financing as the activity in equity market is improving day by day. Management is also emphasizing on non-funded products and aspires to attract business in this regard in near future.

Regarding the shortage in minimum equity requirement. The management of your company has given its view in note no. 2.02 of condensed interim notes to the Financial Statements.
